

WorkingLife 2011

13 October 2011 Stockholm Waterfront

You are invited to the biggest Swedish working life event of the year

WorkingLife has been the most important forum regarding employment issues in Sweden, since it began in 2007. It was created for people who wish to learn about and discuss the latest trends, developments, and knowledge relating to the work place. The event provides the opportunity to network with decision makers and colleagues from both the public and private sectors.

This year we want to make WorkingLife a European meeting place as well – an event where you can extend the transnational dimension of your work. Approximately 1.500 participants will attend the event.
